PA 930

Pennsylvania Route 930 was first commissioned for 1 1/2 miles on Galilee Road between Moravia and West Pittsburg in Beaver County; it was moved and extended to a 2-county route in 1936, running from PA 51 in Moon Township/Allegheny County to PA 168 in Ohioville/Beaver County until its decommissioning in 1946. Thirty years later, the segment of PA 51 from Narrows Run Road (now University Boulevard) in Moon Township to its then-concurrency with PA 18 in Monaca was moved to its current alignment on former PA 930. The original route on Galilee Road is now an alignment of PA 168.
