RE: Letter of Support and Consistency for the Ohio River Trail

Dear Dr. Troia:

Allegheny County Economic Development supports the efforts of the Ohio River Trail Council to establish a trail on the southern bank of the Ohio River in Allegheny and Beaver Counties. When complete, the proposed trail will connect Beaver and Lawrence Counties, as well as southwestern Allegheny County, to the existing Montour Trail at the proposed Sports Legacy Complex, a major sports and recreation facility. The Ohio River Trail will, therefore, be a valuable recreational resource not only for our residents but for the region as a whole.

In 2008, Allegheny County adopted its first comprehensive plan, *Allegheny Places*, and Allegheny County Economic Development (ACED) has been coordinating implementation of the plan. Two objectives of the comprehensive plan are to expand the current trail system to serve future populations and to facilitate public access to the riverfronts.¹ The Ohio River Trail Council is helping Allegheny County to achieve important plan objectives.

We look forward to partnering with the council on this project and wish you success with this endeavor. If we can be of any further assistance, please contact ACED's Manager of Planning, Kay Pierce, at (412) 350-1030 or at kay.pierce@alleghenycounty.us.

Sincerely,

Dennis M. Davin
Director
