

PLANNING COMMISSION

April 3, 2009

Monaca Borough
928 Pennsylvania Ave.
Monaca, PA 15061

To Whom It May Concern:

The Beaver County Planning Commission fully supports the creation of a bike/hike trail from the Montour Trail: Grovetown Trailhead north along the Ohio River through Coraopolis, Moon, and Crescent Townships in Allegheny County and then entering Beaver County in South Heights Borough continuing north through Hopewell Township, the City of Aliquippa, Center Township and ending in Monaca Borough.

We understand that the grant application you are currently applying for will fund a Feasibility Study. Toward that end, the Beaver County Board of Commissioners has committed \$2,000 dollars in support of that study in addition to providing in kind services and technical assistance by County personnel, primarily staff of the Beaver County Planning Commission.

The top priority in the County Greenways and Open Space Plan, as adopted in 2007, is to regionally connect Beaver County via the Montour Trail and to Washington D.C. The board is currently completing a Countywide Comprehensive Plan and during public meetings residents and local officials have requested that this be added to the final document.

We look forward to partnering with you and if you need any further assistance please feel free to contact us. Good luck with your grant application.

Sincerely,

Frank Mancini, Director of Planning and Economic Development
Beaver County Planning Commission
