

LOADING UNLOADING

REMOVE any loose items from bike before bus arrives.

INFORM the bus driver that you will be loading your bike.

If rack is empty, **SQUEEZE** handle up to release latch, then **FOLD** down rack.

Load your bike from the curb or in front of the bus, **NOT FROM THE STREET.**

There are two bike positions.

USE THE OPEN POSITION nearest to bus.

LIFT your bike onto bike rack.

FIT wheels into proper wheel slots. Front wheel slots are clearly labeled.

RAISE AND SECURE the support arm over front tire of bike.

The support arm must be raised so the hook rests on highest point of the front tire, not on the fender or frame.

BOARD the bus and sit near the front.

As you approach your stop **INFORM** the bus driver that you will be unloading your bike.

Unload your bike from the curb or in front of the bus, **NOT FROM THE STREET SIDE OF THE BUS.**

RAISE the support arm. **LIFT** your bike out of rack.

FOLD the rack if empty and **STEP AWAY FROM THE BUS.**

In case you didn't know, you're good to go on Port Authority's bike-friendly vehicles. You can stow your two-wheel, non-motorized bike free on board many Port Authority buses, the T, and even the Mon Incline. So you can pedal as far as you want to work, school, or the trail, and ride the rest of the way.

Port Authority is reinforcing its commitment to the Bike Rack program with the purchase of new bike racks that will be installed on existing and new buses. The new racks will permit expansion of the number of routes equipped with bike racks.

Let Port Authority be part of your bike route. And have a safer, more convenient, and more relaxing ride. To find out more, call customer service at 412.442.2000 or visit PortAuthority.org
