Bike Rack
LBKPSURF
(shown in blue)

NEW Key Bike Rack

This bike rack has a modern design and great styling. Two points of contact (frame and wheel) with a pedal opening. Fits larger bike styles. Rugged plastisol coating with TopCoat® down to the mounting flange. Powder coated mounting flange is protected from rust with FusionGuard.®

- Heavy-duty ¼" thick steel, 38" wide
- Mounting hardware not included
- Can hold two bikes, one on each side
- Available in 19 high-gloss powder coat colors (see page 111)
- Five-year warranty

NEW Marquee Bike Rack

Space-saving Marquee Bike Rack features decorative cut-out design. Utilize both sides to lock two bikes. Powder coated finish resists rust with FusionGuard. Made to complement Fusion benches and receptacles.

- Heavy-duty 2⅜" O.D. 10-gauge steel tubing
- Surface or inground mount
- Legs 10" longer for inground mounting in concrete (rack height will vary based on installation depth)
- Mounting hardware not included
- Available in 19 high-gloss powder coat colors (see page 111)
- Five-year warranty

(shown in evergreen)

NEW Medallion Bike Post

Add an asset that is easy to notice with this affordably priced bike rack. Made to fit where larger bike racks will not. High-gloss powder coated steel with rust-resistant FusionGuard. Great complement to any Fusion bench and receptacle.

- Heavy-duty 2⅜" O.D. 12-gauge steel tubing
- Rust-resistant powder coat finish
- Surface or inground mount
- Legs 10" longer for inground mounting in concrete (rack height will vary based on installation depth)
- Mounting hardware not included
- Available in 19 high-gloss powder coat colors (see page 111)
- Five-year warranty

Bike Racks

Metro Bike Racks

A bike rack with a simple loop design that looks great and fits in anywhere — including tight spaces. Bikes can be parked inside each loop and on the ends. Choose from 3, 5, 7 or 9 bike capacity with entry from either side. Available in plastisol coated or powder coated steel.

- Heavy-duty 2 $\frac{3}{8}$ " O.D. 10-gauge steel tubing
- Surface or inground mount
- Legs 10" longer for inground mounting in concrete (rack height will vary based on installation depth)
- Mounting hardware not included
- Available in 19 high-gloss plastisol or powder coat colors (see page 111)

Metro Bike Rack — Plastisol Coated:

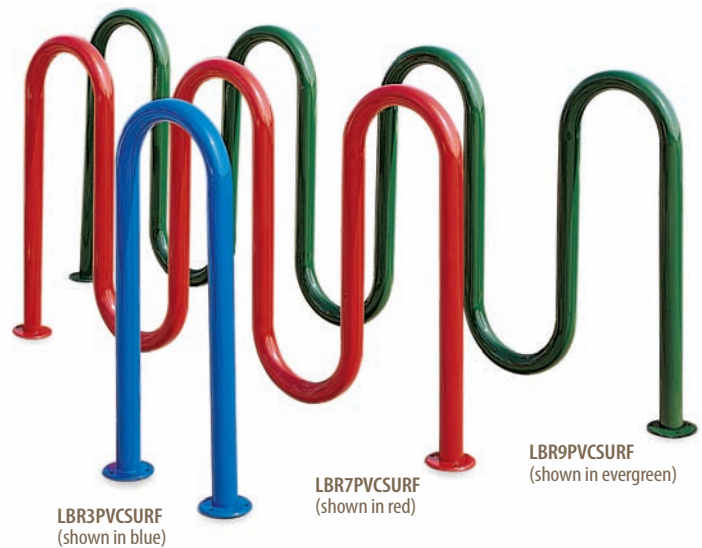

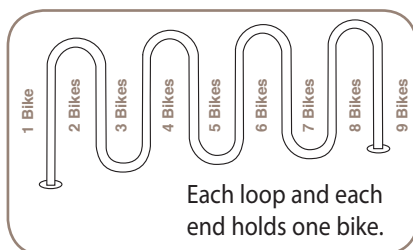

Plastisol coated steel protected by the patented TopCoat® finish.

- Great for high traffic areas
- Plastisol coating is $\frac{1}{8}$ " average thickness
- Seven-year satisfaction guarantee

Metro Bike Rack — Powder Coated:

Powder coated steel shielded by rust-resistant FusionGuard®

- Weather-resistant, long lasting and durable
- Five-year warranty
