

WELCOME TO OHIOPLYE

Welcome to Ohiopyle, Pennsylvania, a borough surrounded by the over 20,000-acre Ohiopyle State Park.

Originally called Falls City, the name was changed in 1881 to Ohiopyle when it was officially designated as a borough. Early industry not only included coal and timber, but tourism as well, thanks to the scenic Ohiopyle Falls and accessibility via the railroad.

Though the resources became depleted, tourism remains an important part of Ohiopyle. With the development of Ohiopyle State Park in the late 1960s, visitors come year-round for a variety of activities including whitewater rafting, hiking, backpacking, mountain biking, rock climbing, horseback riding, hunting, fishing, camping, snowmobiling, cross-country skiing, and snowshoeing. Nearby Fallingwater is one of architect Frank Lloyd Wright's most acclaimed works.

Ohiopyle celebrated the 20th anniversary of its section of the Great Allegheny Passage in 2006.
