2009 Pennsylvania Outdoor Recreation Plan

recreation resource preservation, planning and development

The Pennsylvania Outdoor Recreation Plan is prepared periodically by the Commonwealth of Pennsylvania to provide statewide policy direction and to fulfill the agency's recreation and preservation mandate. The Rec Plan process has evolved well beyond its original purpose of satisfying eligibility requirements for continued funding under the Land and Water Conservation Fund (LWCF). The 2009 Pennsylvania Outdoor Recreation Plan will serve as a status report and as an overall guideline for recreation resource preservation, planning and development through the year 2013.
