BOLLARD DIMENSION CHART

BIKE BOLLARD SOLUTIONS

Bike Bollards add exclusive architectural accents to your perimeter security, landscape architecture, traffic control and streetscape projects. An industry leader in the design and manufacture of decorative Bike Parking Bollards, Reliance Foundry is proud of our long history and commitment to quality. From concept to production, our significant casting experience is brought to the forefront in all aspects of our customers' experience.

Materials

We offer high-strength premium metal Bike Bollard models in steel, cast ductile iron, and light-weight aluminum. These are excellent alternatives to plastic, concrete, cement and wooden Bollards.

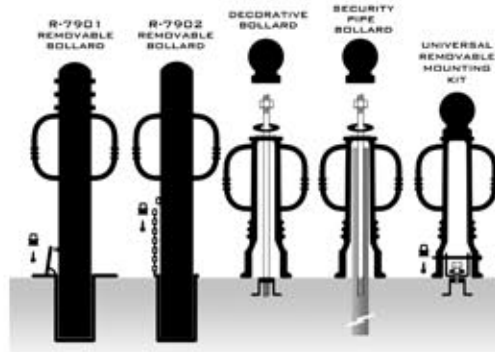

Installation

Mounting options are available for virtually any construction setting – decorative retrofit of existing pipe Bollards, architectural covers for new pipe Bollards, removable Bollards for emergency access, or for use as various stand-alone site features. Whether you need your Bicycle Parking Bollards to be installed on new concrete, existing concrete, asphalt, landscaping or any other surface, Reliance Foundry can supply the means to have your Bollards mounted with ease. Our Bollards are quick and

easy to install, and come complete with easy-to-understand instructions. Reduced installation time is one reason why Reliance Foundry's Bollards have become a preferred choice for installers.

Customization

Our powder coated Bollards can be customized to meet a wide variety of requirements; we have several popular standard colors available, as well as a large selection of mounting options and accessories. All of our Bollards can be customized to add chain links for maximum pedestrian and vehicular control.

OUR BIKE BOLLARDS SATISFY ALL DESIGN STYLES & CONSTRUCTION NEEDS, THEY ARE QUICK & EASY TO INSTALL, THEY HAVE A LONG & LOW-MAINTENANCE SERVICE LIFE, AND THEY ARE READILY AVAILABLE FROM STOCK WHEN YOU NEED.
