FOR IMMEDIATE RELEASE
October 20, 2010

Monaca, Pa_Beaver County. (October 20, 2010) Thanks to a grant from the Pennsylvania Department of Conservation and Natural Resources (DCNR) to our partner the Borough of Midland along with eleven other partner municipalities: Ohioville, Glasgow, Industry, Vanport, Beaver, Bridgewater, Fallston, Brighton Township, New Brighton, Rochester Township and Rochester, Pa; the Ohio River Trail North Shore Feasibility Study with the assistance of the Beaver County Planning Commission will analyze the viability of a proposed trail along the north shore of the Ohio River in Beaver County, Pa.

"The Ohio River Trail (ORT) is a multi-use corridor which is key link in a proposed tri-state greenway from Pittsburgh, PA to Cleveland, OH and Wheeling WV. The greenway will connect existing and proposed pedestrian, bicycle, recreation, open space and transportation facilities while protecting environmental and cultural resources. In addition, the participating communities have joined together to undertake a grass-roots effort to re-think the future of their communities as a way to overcome the loss of a major portion of the manufacturing base and the post-industrial brownfields legacy that remains from that shortfall", said Dr. Vincent Troia, Chief Executive Officer of the Ohio River Trail Council (ORTC).

"One of the major outcomes of the inter-municipal cooperation will be to foster further recreation and cultural-based economic development within the local communities, capitalizing on the synergy of ecotourism and the potential development of a larger recreation and parks system as a way to reposition all the evolved communities for the 21st century business and lifestyle needs, stated Sean Garrigan, Principal of the recently completed and successful Ohio River Trail South Shore Feasibility Study.

"DCNR's grant investments work to bolster our vision for the health of our families, the vibrancy of our communities, the strength of our economy and our quality of life in Pennsylvania, DCNR deputy secretary Cindy Dunn said. "These grants allow us to partner with communities and non-profit organizations so that they can expand and improve the wonderful assets that make the places we call home exciting and attractive."

###

Ohio River Trail Council (ORTC) is a 501(c) (3) non-profit volunteer-led corporation that works to bring individuals, communities, businesses, recreational users and all levels of government together to promote and protect a continuous corridor of natural and cultural resources along the Ohio River and its tributaries. The ORTC's goal is to honor our past and build our future by providing recreation opportunities, heritage development, environmental stewardship, safe transportation networks and economic stimulus to our community. The Council is headquartered in Monaca, Pennsylvania. Dr. Vincent Troia and Mario Leone, Jr. founded and incorporated the ORTC. Please visit www.ohiorivertrail.org to explore our site and further enhance your understanding of the mission of the ORTC.
