

SOUVENIR HISTORICAL BOOKLET

A Summary of Crescent Township's Past

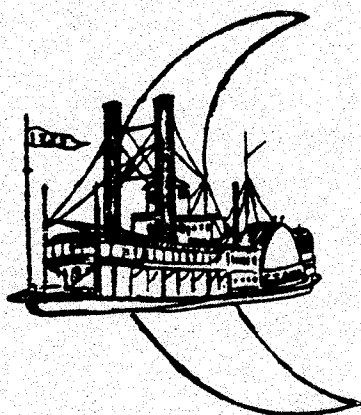

**Dedication of The
GREAT REPUBLIC MONUMENT And TIME CAPSULE
by the**

**Crescent-Shousetown Area Historical Association
Glenwillard, Pennsylvania**

Monday, May 28, 1984

2:00 P.M.

Symbol of Identity
CRESCENT-SHOUSETOWN AREA
HISTORICAL ASSOCIATION
Glenwillard, Pennsylvania

The emblem of the Crescent-Shousetown Area Historical Association is a drawing of the boat BUCKEYE STATE superimposed over a crescent moon; the boat represents Shousetown, and the moon, Crescent Twp. The BUCKEYE STATE, a steamboat was built in Shousetown in 1850.

Compiled and Edited by:

ELIOT and MARJORIE JOHNSON

1983-1984

DEDICATION
of the
SHOUSEDOWN BOATYARD AND BOATBUILDERS MEMORIAL MONUMENT

in

Honor Roll Park
McGovern Blvd.
Glenwillard, PA

by

CRESCENT-SHOUSEDOWN AREA HISTORICAL ASSOCIATION

Monday, May 28, 1984

2:00 P.M.

Invocation

Reverend Kerry A. Meier
Minister
Riverdale U. P. Church

Pledge to the Flag of the U.S.A.

Led by
Crescent Township Volunteer
Fire Department

Welcome

Paul Frey
President
Crescent-Shousedown Area
Historical Association

History of the Monument

Wilbur McCutcheon
President, Crescent Township
Board of Commissioners
Chairman, Monument Committee

History of the Time Capsule

Boatbuilders*

Ezra Porter Young

Benediction

Reverend Kerry A. Meier

*All are invited to a reception following the dedication in the
General Purpose Room of Crescent Township Municipal Building.*

*The following companies and individuals were involved in the
Monument and Time Capsule installation:*

<i>Rome Monument Co.</i>	<i>Rochester, Pa.</i>	<i>Granite Monument</i>
<i>Glenn Crain</i>	<i>Glenwillard, Pa.</i>	<i>Capstan and Anchor</i>
<i>Airport Contractors</i>	<i>Glenwillard, Pa.</i>	<i>Foundation</i>
<i>P. M. Moore Co.</i>	<i>Aliquippa, Pa.</i>	<i>Concrete for Foundation</i>
<i>Wilbur McCutcheon</i>	<i>Glenwillard, Pa.</i>	<i>Monument, Capstan, and</i>
		<i>Anchor Installation</i>
<i>Harry Davis Welding</i>	<i>Glenwillard, Pa.</i>	<i>Preparing Time Capsule</i>
		<i>Cylinder</i>
<i>Pen-Oh-Wes Map Co.</i>	<i>Pittsburgh, Pa.</i>	<i>Historical Scroll for</i>
		<i>Time Capsule</i>
<i>Michael Baker, Jr., Inc.</i>	<i>Beaver, Pa.</i>	<i>Souvenir Booklet</i>

*The following distinguished guests have travelled a significant
distance to be in attendance at this dedication:*

Three generations of Samuel Young's descendants--

Ezra Porter Young

Maja Young, daughter

David Young, grandson

Mrs. Alberta (Shouse) White

THE OPENING OF THIS TIME CAPSULE SHOULD BE THE YEAR 2181 A.D., 500 YEARS FOLLOWING THE BIRTH OF THE STATE OF PENNSYLVANIA.

We, the members of the Crescent-Shousetown Area Historical Association of Crescent Township, Allegheny County, Pennsylvania, United States of America--submit this PROCLAMATION in recognition of a major American industry--the inland rivers steamboat construction and the innovation of applying the motive power of the steam engine to the paddlewheel for propulsion of a flat-bottomed, shallow-hulled boat.

King Charles II of England became indebted to Admiral William Penn, Sr. Later, when King Charles was ready to repay the debt, the Admiral had died. Payment was offered to the Admiral's son William Penn, who preferred a province in America as compensation. The grant was made and signed by King Charles on March 4, 1681. William Penn made purchase treaties with the Indians, the first within Bucks County, one of the three original divisions of the province--the others being Philadelphia and Chester counties in Pennsylvania.

Crescent Township is situated in Northwestern Allegheny County adjacent to Beaver County to the west; to the north and east is the Ohio River, and Moon Township is south. It is 1,376 acres in size; the homes are on the shallower slopes and in the valleys. The commercial-industrial area is sandwiched between the Pittsburgh and Lake Erie Railroad and the Ohio River. Crescent Township is 14 miles from the "Point," Pittsburgh at the confluence of the Allegheny and Monongahela Rivers into the Ohio River. This is a First Class Township with a population of 2,862. Elevations vary from 700 feet to 1,160 feet. The post office designation now is Glenwillard, Pa. 15046.

History of the GREAT REPUBLIC

The hull of the GREAT REPUBLIC when launched from the ways of the E&N Porter Boatyard in Shousetown on November 3, 1866, being of such large measurements (328' x 50' x 10') broke the moorings and shot across the Ohio River to become imbedded in the mud on the other side. A towboat was needed to dislodge it, and then it was towed up to Pittsburgh for completion at a total cost of about \$350,000.

On March 16, 1867, the GREAT REPUBLIC left Pittsburgh under the command of Capt. William B. Donaldson for Memphis and New Orleans with a number of area notables aboard, never to return. Shortly after starting on her maiden trip, a blizzard appeared, and it was decided to pull in to McKees Rocks for the night. Proceeding downriver the next morning, more snow and cold were encountered enroute to Steubenville. Here and at the other stops in Cincinnati, Louisville, New Albany, Evansville, Cairo, etc. throngs of visitors came on board to gape at the elaborate furnishings and fittings of the packet. After picking up cargo comprising 2300 tons of freight along the Ohio and Mississippi Rivers, the GREAT REPUBLIC arrived at New Orleans on April 2. In less than two years, she had bankrupted her owners and builders. In May, 1871 Capt. Wm. Therwegan and Thomas Morrison bought her for \$48,000. In October 1872 the boat was given a new and larger hull at Carondelet, now measuring 350' x 57'6" x 10'6". In 1875 Morrison went bankrupt, and Capt. Thorwegan bought his interest. On one trip she took 8,210 bales of cotton to New Orleans, a record to that time. In 1876 another boiler was added and the name changed to GRAND REPUBLIC. Barely a year later the GRAND REPUBLIC caught fire on September 19, 1877, and was lost.

OUR TWO HUNDRED YEAR HISTORY

1784 - Earliest land warrant.

1785 - Draught of a Survey called "Limerick."

1791 - Fourth voting place in Allegheny County, at the house of Colonel Samuel Wilson of the Territory of Flougherty Run, to the state line.

1794 - William Woodburn became a permanent resident.

1804 - Ebenezer Worth built a grist mill on Flaugherty Run.

1820 - John McNamee settled here; some ancestors are still living in the community.

1827 - Peter Shouse, boatbuilder, with his wife and family, selected this heavily-timbered river front to establish a boat-building business and a town site.

1829 - The KENTUCKIAN was the first steamboat launched at Shousetown, one of eight consecutively-built vessels that went to buyers at the Port of New Orleans. The others were HUNTSVILLE, HUNTSMAN, BALTIMORE, GEORGIAN, MOHICAN, ENTERPRISE, and BALTIC.

1837 - Mr. Shouse presented his completed plan for the Village of Shousetown (No. 1 above). It consisted of streets, alleys, lots for homes, and space for a church and school. The plan was registered June 21, 1837, in the Allegheny County Deeds Office, Pittsburgh, Pennsylvania, in Volume No. 1, page 72.

1839 - Shousetown did not receive official status until Peter and Ellen C. Shouse purchased the 106 acres of land that comprised the Village Plan. This was done with the signing of the deed and its registration in Allegheny County on December 4, 1839. Therefore, all vessels launched prior to that date had been recorded in the Pittsburgh Customs House as having been built at Pittsburgh, which was this area's official Port of Entry as established by the U. S. Treasury Department.

1843 - The United States was recovering from a five-year panic when Capt. Samuel C. Young and Capt. William B. Anderson formed a partnership to build and sell steamboats. They used the Shousetown boatyard to build nearly 20 light boats for the Southern Trade. Some were the ADVANCE, ALLIANCE, CHALLENGE, CLIPPER NO. 2, DENMARK, HAWKEYE STATE, J. M. HARRIS, KENTON, PROGRESS, RELIANCE, RESCUE, SAM YOUNG. The total number of boats built here was more than 100. Also, the EZRA PORTER was launched in 1866. Mr. Ezra Porter died in 1867, at which time construction was discontinued. The yard continued with repair work into 1873.

1846 - The COLONEL CROSS was built for the United States Quartermaster's Dept. for use in the Mexican War on the Rio Grande River.

1851 - John Hamilton became the first United States Postmaster and continued this service for thirty years in his general store.

1855 - The Township of Crescent was created by an Allegheny County Court Order on November 17.

1856 - The church, school, Hamilton store, and J. C. Boggs house burned down.

Nathan Porter donated land for a new church. Samuel C. Young raised the necessary subscriptions.

1857 - Reverend James Allison gave the Dedication Service.

Peter Shouse sold his interest in the Shousetown boatyard to Ezra and Nathan Porter. (Evert's "History of Allegheny County" states

1837 as the year of transfer; however, A. Warner's history states the year as 1857.) They called their enterprise the E & N Porter Company.

1863 - Eight steamboats from the Shousetown yard were used in the Civil War. They were the ADRIATIC, ALPHA, GLIDE, MATAMORAS, and PHILADELPHIA. The Confederate States of America captured the INDIAN, SOVEREIGN, and J. M. WHANN, renamed the LITTLE REBEL.

1879 - Construction of a railroad was completed by the Pittsburgh and Lake Erie Railroad, and the first passenger train came through Shousetown on February 27, 1879. The popularity of train travel and rail shipping required the expansion of trackage, which was done about 1890.

1883 - Standard Underground Cable Company of Pittsburgh, Pa., built a plant at Shousetown to manufacture underground, aerial-submarine cables, and conduit.

1900 - Paul Keim was born in January in a two-story house at Ferry and Main Streets. He married Olive Morris in 1922. They are residents of the area, and Paul is known as the "Shousetown Historian."

1907 - To the regret of many older people and the delight of younger residents, the town's name was changed from Shousetown to Glenwillard.

1911 - United States Refined Steel Co. of Wireton, Pa., known as a Puddling Mill, turned out a high quality of "muck bar."

1927 - The 981-mile length of the Ohio River is controlled by a series of locks and dams, maintaining a minimum main channel depth of nine feet. One mile east of us is the Dashields Locks and Dam.

1934 - Dedication on December 1 of the Stoops Ferry-Shousetown Road and Monument built under the sponsorship of Allegheny County Commissioner Charles C. McGovern and others.

1935 - Shousetown Cemetery (No. 2) became the central burial place for Crescent Township's earlier residents; many having been in family plots scattered about the township. Through the efforts of Charles C. McGovern, a parcel of property was found and a deed obtained which is filed at the Allegheny County Building. Paul Keim states "it required three years to arrange, move the gravestones and bury them, and to erect a stonewall and memorial monument."

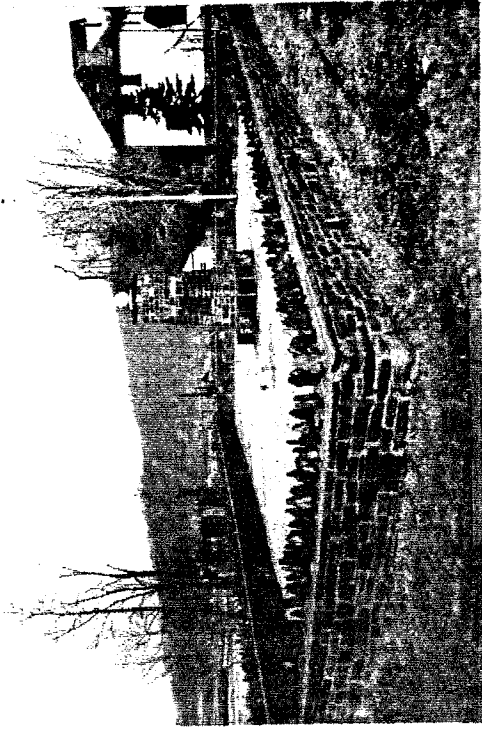

1943 - World War II Honor Roll dedicated November 28, 1943, at the Riverdale U. P. Church front lawn with David E. Owen as Master of Ceremonies.

1956 - The Crescent Township Commissioners asked the Civic Club to locate a final place for the World War II Honor Roll and a permanent monument. The site chosen was the highway intersection of McGovern Blvd., Spring Run Road, and Riverview Road, called Honor Roll Park (No. 3). This sandstone monument included the Korea War veterans and was dedicated June 17, 1956.

1960 - A 35-foot flagpole was erected at the Honor Roll in November. In the base are two decorative bullets George Bolling obtained from the Pipeline Service Co.

Shousetown Cemetery (No. 2)

Honor Roll Park (No. 3)

Municipal Building (No. 4)

1967 - The World War I Monument was moved to Honor Roll Park by request of the Commissioners. The work was accomplished by the Road Crew and many volunteers--George Bolling, Jack King, Emil Pifer, Harry Donaldson, George Mortimer, Cal Muller, and Lon Phillips. Every Memorial Day in May the Coraopolis Veterans of Foreign Wars Post 402 arrive by motorcade at the Glenwillard Honor Roll to present their Honor Guard.

1972 - Hurricane Agnes in June sent our Allegheny, Monongahela, and Ohio Rivers above their banks, and some properties in lower Glenwillard were flooded.

1973 - Dedication of the new Municipal Building (No. 4) took place on September 29 with considerable ceremony. The guest speakers, Senator Thomas Lamb and Legislator Andrew McGraw, were introduced by William Harper, President of Commissioners. The building was opened for public inspection and refreshments were served. The Building Committee included Wilbur McCutcheon, Chairman, Anthony Ciper, and Walter Runyon. The General Contractor was William McKenna. For 118 years the Commissioners did not have a permanent place to meet and store records. Congratulations to Commissioners Tony Ciper, Walter Runyon, Bill Harper, Wilbur McCutcheon, and David Hayes for their efforts to provide a government home for the business of Crescent Township.

Crescent Township divisions of government are: Board of Commissioners, Zoning and Hearing Board, Planning Board, Road Department, Safety Department, School Crossing Guards, Creswell Heights Joint Authority, Crescent-South Heights Municipal Authority, and Parks and Recreation Board.

July 28, 1973, Pipeline Service Company donated pipe for a 32-foot flagpole at the new Municipal Building. Harry Davis fabricated it and assisted the Township Road Crew in the installation.

1976 - A Bicentennial Committee was appointed with Mrs. Renee Glatz, Chairperson, and Tom Pungock, Co-Chairman. Week long festivities (No. 5) included dedication of newly-developed Shouse Park, a church-sponsored bicentennial celebration, two Gateway Clipper boat rides, round and square dance, grand parade, and other activities. A knowledgeable booklet was published called "A History of Crescent Township's Formative Years" by Carlton L. Williams.

1978 - McKenna Construction Company was awarded a contract to build a 40' by 80' addition to the Crescent Township Municipal Building. This was completed in December, 1979.

1979 - Pittsburgh and Lake Erie Railroad observed their 100th year of operations in the Ohio River Valley.

1980 - At the November Commissioners' meeting, President Wilbur McCutcheon stated that he would like to see a Historical Society started in the Township to preserve the history of old Shousetown. This was approved.

1981 - On January 21, twenty-four people attended the initial meeting to discuss formation of a historical society. It was decided that this should be done. In February a Constitution and By-Laws were accepted, and the following month new officers were unanimously voted in as

follows: Eliot Johnson, President; Earle Miller, 1st Vice President; Ed Junge, 2nd Vice President; Blaine Morrison, Recording Secretary; Jean Dickey, Corresponding Secretary; and Helen Mitchell, Treasurer. The Board of Directors consisted of Paul Frey, Wilbur McCutcheon, and Joan Morrison. The name selected was Crescent-Shousetown Area Historical Association. The year passed in organizing, recruiting members, fund raising, preparing an introductory brochure and a Newsletter.

1982 - The Commissioners authorized construction of an 8' by 16' office for the Historical Association in the General Purpose meeting room. Bill McCutcheon headed this project. Earle Miller built a 3' by 5' display cabinet to be viewed from the main room. Furnishings were donated and purchased. All collected artifacts, documents, and historic objects donated were brought to the office.

The late Mr. H. C. A. Hofacker has made many valuable contributions to the Historical Association from his collection of detailed historical reports compiled from legal documents written during his term as Solicitor for Crescent Township.

1983 - Paul Frey took office as President; soon after he proposed a GREAT REPUBLIC memorial marker, following consultation with Capt. Fred Way of Sewickley. At the next meeting Bill McCutcheon presented a bid for a granite monument and was appointed Monument Chairman with Harry Davis on the committee, assisted by Renee Glatz. Efforts to raise the necessary funds were successfully completed by October.

In August a committee was appointed to compile materials for a Time Capsule to be installed in the base of the GREAT REPUBLIC Monument. They were Eliot and Marjorie Johnson, Roland Fagan, and Jean Dickey. Their emphasis has been on a comprehensive history of Crescent Township, which appears in text, photographs, and maps. Harry Davis fabricated the stainless steel cylinder for the Time Capsule which is to be opened 2181 A.D.

In August the Pittsburgh History and Landmarks Foundation sent their Allegheny County Survey team to Crescent Township. They made an in-depth tour of specific sites, photographing and detailing information. A printed portfolio has been received of researched landmarks.

SCHOOLS

Glenwillard has had four public schools in 145 years. The first, built in 1830, burned in 1856. A frame school was immediately constructed on Main St., which served until 1880. Another frame school on Main St. replaced it and was used until 1916 when the brick school on School St. (No. 7) was built. This continued in use until its closing in 1975. The Crescent School District joined the Moon School District in 1953 to become Moon Area School District. The late Carlton L. Williams served as a school board member for 27 years.

THE MUNICIPAL AUTHORITY OF THE TOWNSHIP OF CRESCENT COUNTY OF ALLEGHENY, PENNSYLVANIA

Application for the Authority was filed November 13, 1945, by the Board of Township Commissioners consisting of George L. Keim, Presi-

dent, Donald McCutcheon, Vice President, Chester Biggerstaff, David Cook, and K. C. Jackson, Secretary. The Board appointed Louis Hofacker, Jr., Alfred C. Smith, Edgar Adams, Paul Frey, and James A. Lawson. Herman C. Hofacker was appointed solicitor. Robert Johns of Michael Baker, Jr. Engineering of Rochester was retained as engineer.

A test well was drilled by Norman Miller. An adequate supply was found, but the water was salty and could not be used. A survey was conducted by the Crescent Twp. Civic Club to see how many area residents wanted water. A grant was received from the Federal Works Agency for the sum of \$1,200 and another \$24,000 was received from the Pennsylvania Post War Planning Commission. This money was used to pay for engineering plans for a water system, buying water from the South Heights Water Company.

After a conference with the bond company of Singer, Deane and Scribner, it was determined that it would not be feasible. Then an offer was made by L. B. Laughner to sell the South Heights Water Company for the sum of \$225,000. In order to float a \$425,000 bond issue to purchase the South Heights Water Company and extend lines into Crescent Township, a new Authority was formed. George Wright and Mike Plasko from South Heights, Robert Osborne, Donald Dickson from Hopewell Township, and George Keim, Edgar Adams and Paul Frey from Crescent Township formed the Creswell Heights Joint Authority.

CHURCHES

Church worship in Shousetown started in 1845 in a simple white frame building used by all denominations. This was destroyed by fire in April of 1856, but early in 1857 a new church was dedicated and occupied--again for the use of all. In 1875 the M. E. Brethren erected their own place of worship, and it is still used today. Presbyterians were served by Rev. S. C. Jennings from Sharon Presbyterian Church, but in 1879 the Pittsburgh Presbytery authorized a new congregation--the Riverdale Congregation--made up of forty members. In 1902 a new church was completed which is used to this day.

Presently there are six churches in Crescent Township:

Grace Lutheran Church, Brodhead Road - Reverend James Lutz-(No. 8)

Date Started - 1899

Members - 276

Sunday School Supt. - Mrs. Barbara Turner

Grace Brethern Church, Brodhead Road - Reverend Harold Raymond-(No. 9)

Date Started - 1968

Members - 99

Sunday School Supt. Mr. Charles Jenkins

St. Catherine of Siena - Father Charles Roche-(No. 10)

Date Started - 1910

Members - 1050

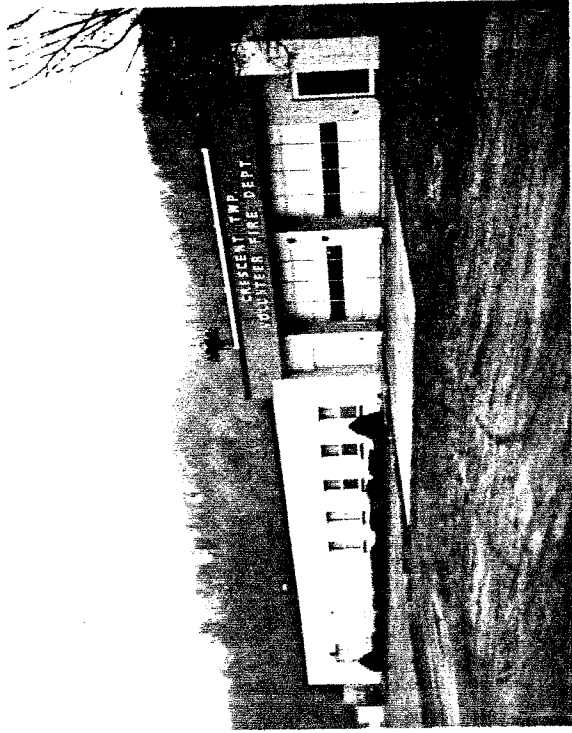

Catholic Christian Doctrine - Mr. & Mrs. Dan Bozym

Wireton Church, Division Ave., Wireton - Reverend Tony Ross-(No. 11)

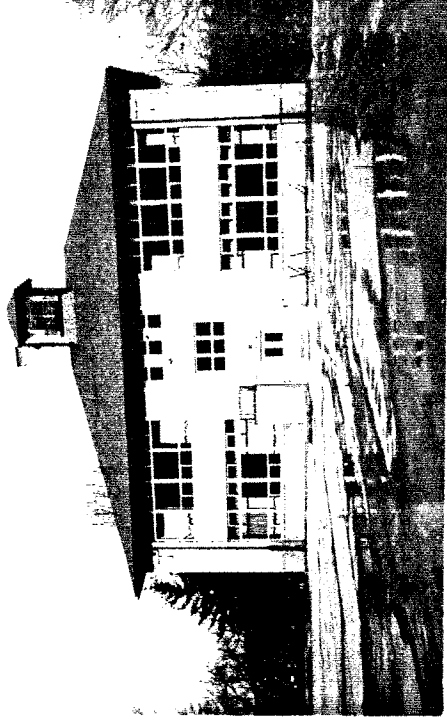

(This congregation recently merged with Reverend Jacob Luffy
the Bon Meade Assembly of God)

Date Started - 1974

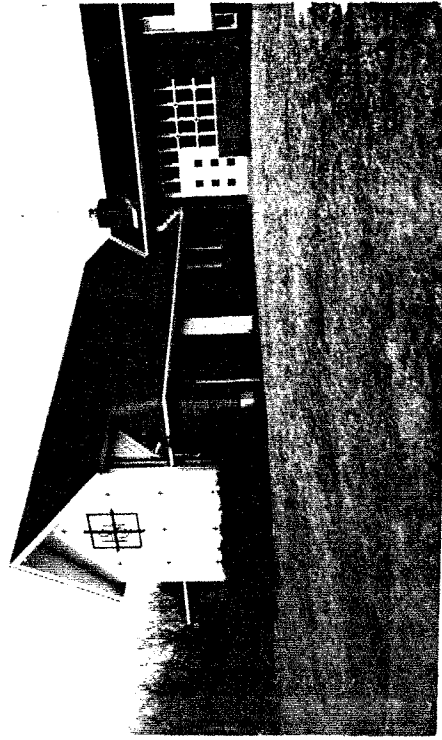

Members - 200

Volunteer Fire Dept. (No. 6)

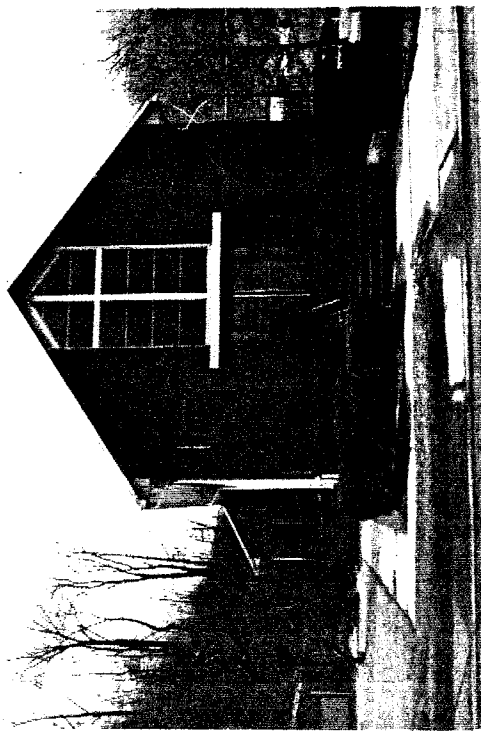

Brick School on School St. (No. 7)

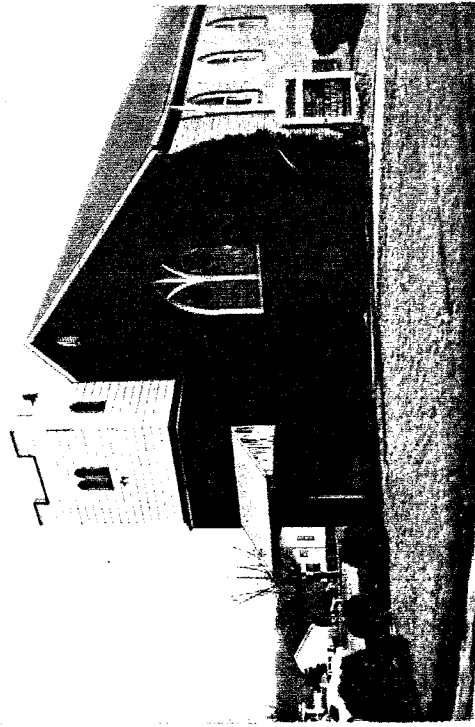

Grace Lutheran Church (No. 8)

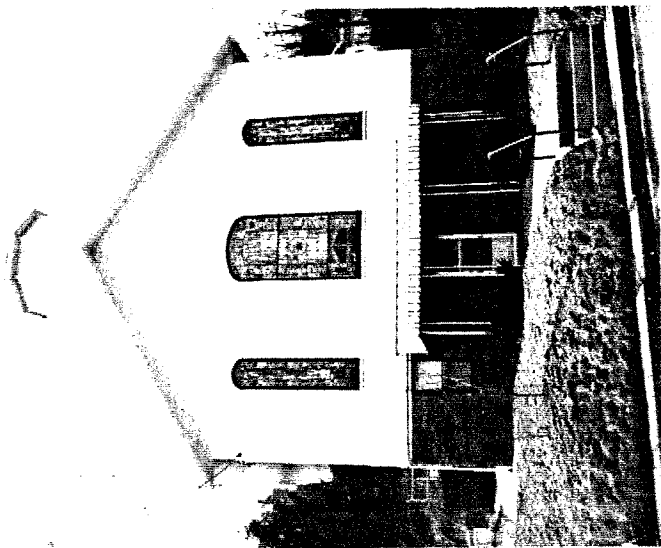

Grace Bretheran Church (No. 9)

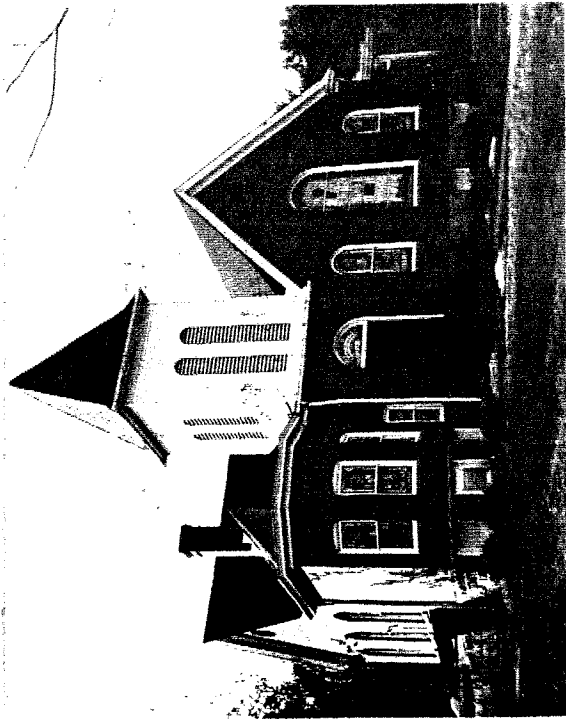

St. Catherine of Siena Church (No. 10)

Wireton Church (No. 11)

Glenwillard United Methodist Church (No. 12)

Riverdale United Presbyterian Church (No. 13)

Glenwillard United Methodist Church - Reverend Donna Fetterman-
(No. 12)

Main St., Glenwillard

Date Started - 1875

Members - 120

Riverdale United Presbyterian Church, McGovern Blvd., Glenwillard-
(No. 13)

Reverend Kerry A. Meier

Date Started - 1879

Members - 240

Church School Supt. - Mrs. Beatrice Meier

THE VOLUNTEER FIRE DEPARTMENT (No. 6)

Thirty-one men met in 1927 to discuss establishing a volunteer fire department for the Township. Charter was granted and received in September 1928. The firemen operated for many years from a rented garage, using a second-hand truck. They conducted many fund raising projects and rented their hall to the Township Commissioners for their meetings. New fire trucks were purchased in 1935 and 1955. A fire house was built in 1947 at the western end of Main Street. As the community grew, so did the Fire Department. In 1958 a larger property was purchased, and in 1968 they built and moved into their present building at the corner of McGovern Blvd. and Spring Run Road. The firemen continued training and buying and building new equipment. They contribute their services to the community in many ways, such as, to name a few, fighting fires, pumping flooded basements, rescuing victims from automobile, boat and industrial accidents and performing duties as paramedics. Also, eleven men are certified scuba divers for rescue work in the river. At present there are 39 members including Howard Frey, President, and Norris Arment, Fire Chief.

THE VOLUNTEER FIRE DEPARTMENT LADIES' AUXILIARY

This group was chartered in 1953 for the purpose of helping the firemen raise funds. They bought equipment for the weekly bingo, worked in the yearly carnivals and assisted in many other ways such as serving hot food to the firemen at fires and rescue operations. Among their larger contributions were financing kitchen equipment and air conditioning for the fire hall. The Auxiliary was reorganized in 1983 and is presently headed by Ruth Runyon.

THE CIVIC CLUB

The Civic Club was organized by Daisy Drynan November 10, 1922. Meetings were held in the Glenwillard School Building, the Riverdale Presbyterian Church, in private homes, and now at the Fire Department building. This group has made many significant contributions to the life of the community, including (1) furnishing a kitchen at the Main Street Fire hall; (2) starting Boy Scout, Girl Scout and Brownie groups; (3) providing a railroad waiting shelter and platform; (4) donating to the Fire Department and other municipal organizations; (5) providing coal and food for the needy; (6) maintaining an emergency relief fund; (7) lending sick room supplies to residents; plus many other community services. Verna Krauss is the present President.

CRESWELL HEIGHTS JOINT AUTHORITY

Until 1950, residents of Crescent Township depended on individual wells and cisterns for their water supply. On January 12, 1950, representatives from the Borough of South Heights, Hopewell Township and Crescent Township met and organized the Creswell Heights Joint Authority to provide a joint water system for these communities. In 1951, the Authority floated a \$425,000 bond issue and purchased the South Heights Water Company. The supply of water comes from four wells located on the west bank of the Ohio River; total storage capacity of the system is 2,900,000 gallons. Water mains have been expanded from an original 15.5 miles to an excess of 50 miles, and the number of consumers has increased from 765 to 4,500. In 1978, the Authority issued Series 1978 Water Revenue bonds in the amount of \$2,050,000 to refinance the outstanding bonds and provide funds for treatment plant expansion, booster station improvements, care of storage tanks, water line replacements and the third level system consisting of a pump station and, to be included, a 300,000 gallon standpipe. Paul C. Frey is the present chairman of the Board which consists of seven members.

CRESCENT-SOUTH HEIGHTS MUNICIPAL AUTHORITY

On May 5, 1958, a special reorganizational meeting of the Municipal Authority of the Township of Crescent, Allegheny County, Pennsylvania was held at the home of Paul C. Frey, Crescent Township. This meeting was held for the purpose of investigating the feasibility of the installation of a sewage system for Crescent Township and South Heights. Paul C. Frey was elected Chairman; George L. Keim, Vice-president; L.L. Brink, Treasurer and J. Robert von Stein, Secretary. Other members of the board were K.C. Jackson and Edgar E. Adams. H.C.A. Hofacker was appointed Solicitor and Michael Baker, Jr., Inc., the Consulting Engineering Firm.

A preliminary survey was made at a cost of \$600 with this cost born by both Crescent Township and South Heights Borough. By October 1958 the preliminary plans for the Sewage Collection and Treatment Plant were presented.

The name of the Authority was changed to Crescent-South Heights Municipal Authority in November of 1959 because of the joinder of South Heights. The South Heights representatives to the board were Samuel A. Santilli and John Tedesco. The Crescent Township representatives were Paul C. Frey, L.L. Brink, K.C. Jackson, Norman Miller and Edgar Adams.

In 1964, an agreement with the Moon Township Municipal Authority was approved to treat sewage from the Bon Meade area. In this same year Roland Fagan was employed as the first operator/manager of the system.

Progress continued with the Bocktown project in 1965 and the completion of Phase I in the same year. May 1967 found the construction beginning for Phase II and by 1969, 350 additional homes were being serviced. By 1970, the Authority was serving 1,100 customers averaging 150 gallons per day per connection.

As improvement to the system continued, bids were opened in 1975 for upgrading facilities which increased the capacity of the plant to treat additional customers. Wilbur W. McCutcheon was hired as the plant manager in 1977. Louis Mauro is the plant operator, Dennis Muller, the maintenance mechanic, and Renee Glatz, Secretary.

Plans for the extension of sewer lines on McGovern Blvd. from Spring Run Road to Bundy Industries were drawn up in 1978. In 1979, the double garage at the treatment plant site was constructed and in October of 1980, the McGovern Blvd. Project was completed. In the meantime, an office was built at the treatment plant site by Airport Contractors.

The Authority now serves 1,425 customers in South Heights, Crescent Township and a small portion of Hopewell Township and Moon Township.

The board presently serving their communities consists of Patrick L. Ballard, South Heights; Lawrence Colarossi, Harper Village; Harry H. Davis, Glenwillard; Paul C. Frey, Glenwillard who has served as Chairman of the Authority since its founding; David Mitchell, Jr., Glenwillard; Samuel A. Santilli, South Heights and Austin R. Whiteman, Jr., Glenwillard.

Harper Village Women's Club, organized 1951, Renee Spec, President

Chanticleer Swim Club, organized 1955, Charles Bennett, President

Crescent Township Senior Citizens, organized 1976, Marge Pursley, President

RRCB Club, organized 1976, Charles Bennett, President.

The dedication of the GREAT REPUBLIC monument on May 28, 1984 brings the culmination of our 200-year story. We appreciate the excellent cooperation and workmanship by the Rome Monument Works of Rochester, Pa.

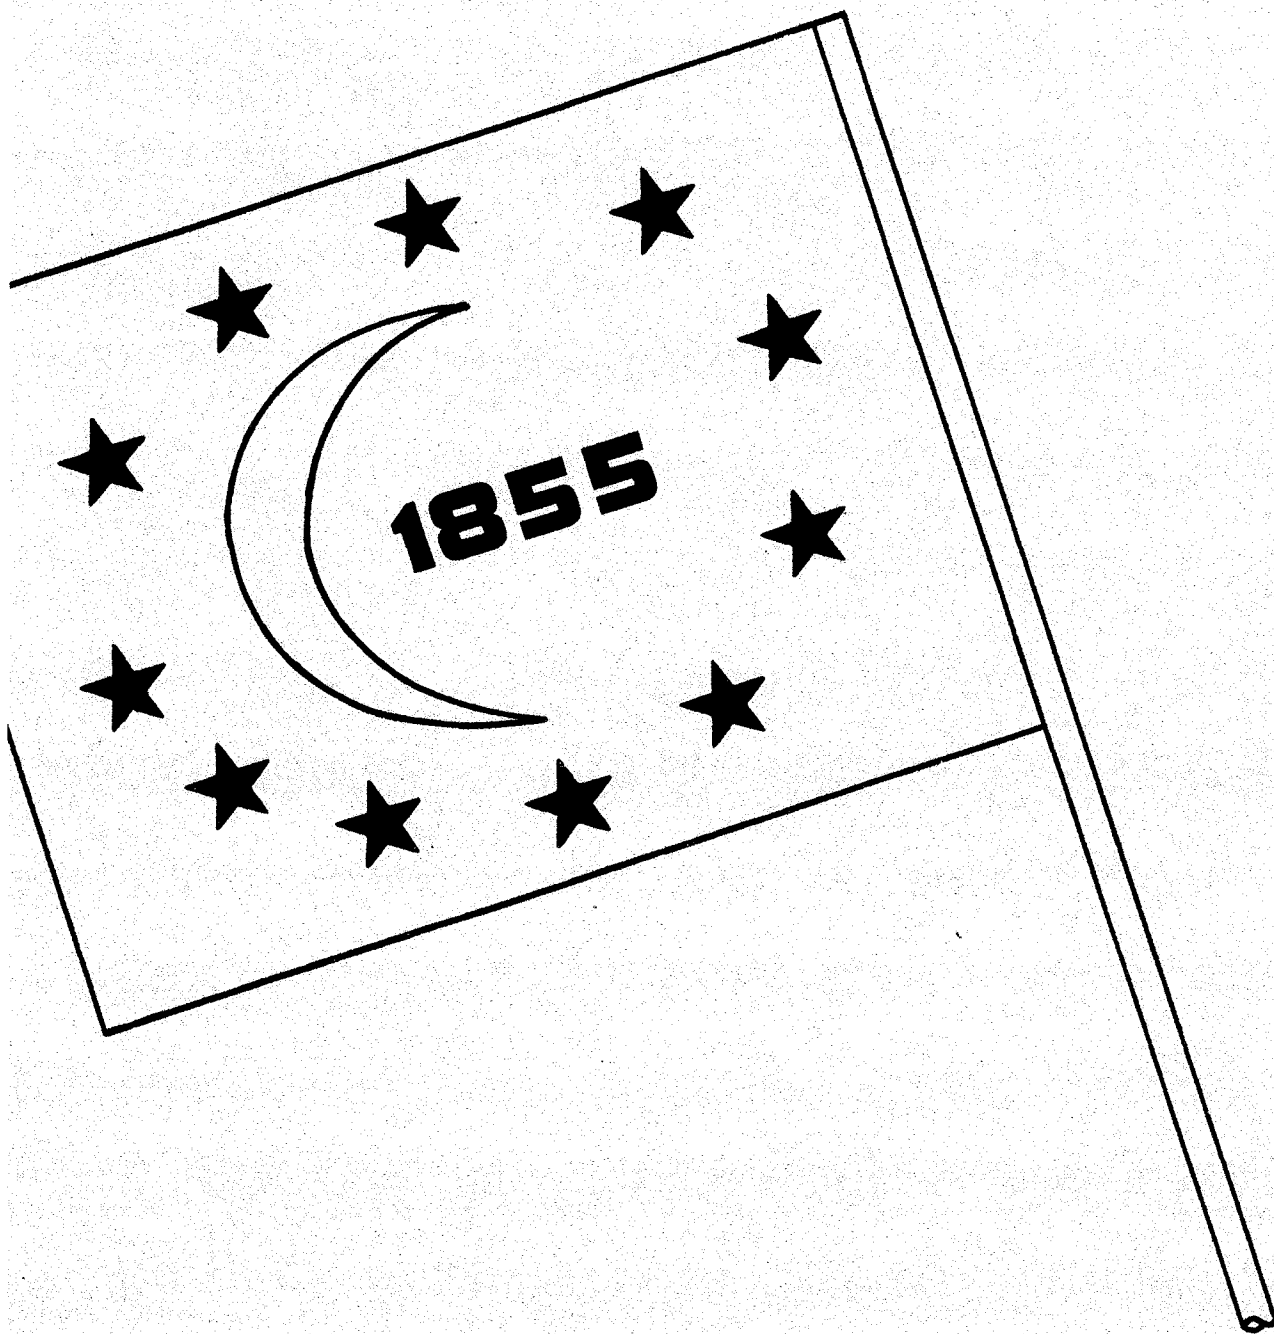

And we wish to thank the Monument and Time Capsule Committee, help from Thelma Stucke, Crescent Township Secretary-Manager, and many others who assisted in the preparatory work of the Monument, Time Capsule Cylinder, Scroll History, and the Dedication Program.

CRESCENT-SHOUSETOWN AREA HISTORICAL ASSOCIATION

DONORS FOR MONUMENT

1. Airport Contractors
2. Zonia & Catherine Andreyev
3. Jack and Marian Arment
4. Walter B. & Dortha Bailey

Crescent Township school children were invited by the Commissioners to enter a contest in April 1973 to design a Township Flag. At the Commissioners' meeting on May 1, 1973, John R. Muller of Front Street, Glenwillard, was awarded a check for \$100 for the best entry. The flag depicted above has become the official flag of Crescent Township.
