Dr. Vincent Troia
Executive Chairman
Ohio River Trail Council
Troia Building
1100 Pennsylvania Ave
Monaca, PA 15061

Dr. Troia:

At their September 20th Council Meeting the New Brighton Borough Council reviewed your offer for a kayak rack, bike rack, and a safe paddling tips sign at the Public Boat Launch. The one change that was made based on public input from a kayak user was to locate the racks in the New Brighton Fishing Park along First Avenue. The Fish Park has an existing raceway that is now used by kayakers to put into the Beaver River. One of the benefits of this location is the close walking distance to the food shops in the downtown.

Please accept this letter as approval from the New Brighton Borough Council to accept your offer with a change of location to the Fish Park. It is understood that the OTRC will provide the racks and sign, along with a \$500 allowance for the concrete pads. The Borough of New Brighton will provide all labor for the installation of the racks and sign, and any additional cost for the concrete pads.

Sincerely,

BOROUGH OF NEW BRIGHTON

Larry R. Morley
Borough Manager
