Dear Dr. Troia:

On behalf of the Board of the Port of Pittsburgh Commission, I would like to congratulate you and your organization for being approved for a grant of \$10,000 to continue with the development of the Ohio River Water Trail. Competition was keen for this round of awards and the review committee was dedicated to providing financial assistance to as many worthwhile projects as possible. As a result, you have been awarded less than you requested so that more projects could receive funding.

The Board fully understands the "double-edged sword" wielded by a reduced award. Please review your financing options in light of this reduced grant and determine if you will be able to continue with your plans in a timely manner. Once you and your organization determine your ability to use the grant money, please check the appropriate response at the end of this letter, sign and return it to my attention.

Upon receipt of a positive response, a grant agreement will be forwarded for your review. Although the sooner-the-better is preferred, you will have six months to sign the grant agreement. You will then be obligated to show progress on the project six months after the effective date of the agreement. Lack of progress could result in forfeiture of the grant.
