

BEAVER RIVER RAILS TO TRAILS ASSOCIATION

February 14, 2011

To Whom it May Concern,

The Beaver River Rails to Trails Association gives our enthusiastic support to the Beaver Falls Project of the Beaver River Water Trail. Opening the Wallace Run service road would provide the first public access to the Beaver River between Wampum and Eastvale. This 10 mile stretch of the River is perhaps the most scenic, but enjoyed by virtually no one due to lack of public access.

The Association also supports this project because our intended trail would link to this access point. This project would then link recreational trail, water trail, and motor vehicle access.

Sincerely,

Todd Stevenson

Todd Stevenson
Association Secretary
