

Fishing and Boating Access Strategy

Opportunities for Partnerships

Mission: To protect, conserve, and enhance the Commonwealth's aquatic resources and provide fishing and boating opportunities

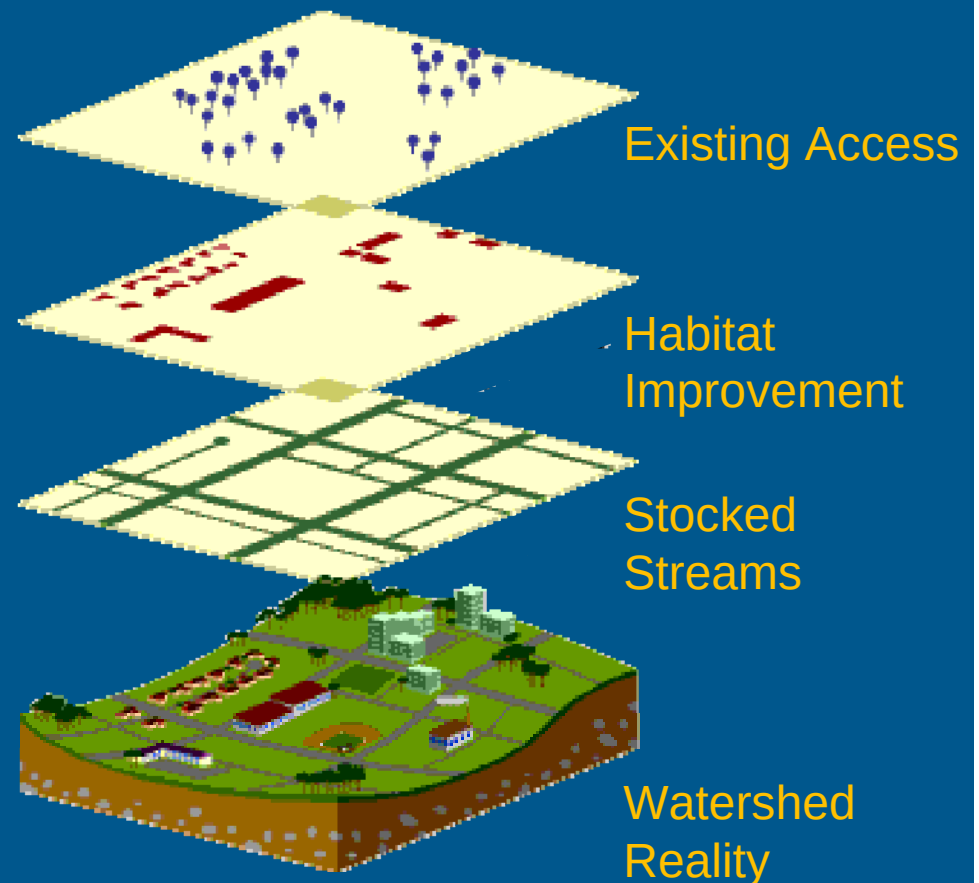

Statewide Access Strategy

- Partners in Public Access
- Current Issues
- Funding Opportunities
- A two-tier approach to evaluating fishing and boating access

GIS Overview

- Many decisions were based on GIS Analysis
- Overlay of 19 criteria into HUC8 Watersheds
- Collection of Potential Access Improvement Areas
- Watershed Rankings
- Statewide & Watershed Maps

Watershed GIS Analysis

- 19 Criteria assigned to 52 HUC-8 Watersheds
 - 1st Tier of analysis for the purpose of prioritizing watersheds
 - Criteria selection included:
 - Stakeholder input
 - Existing projects where work already taking place
 - Fishing/stocking patterns
 - Current access distribution
 - Funding

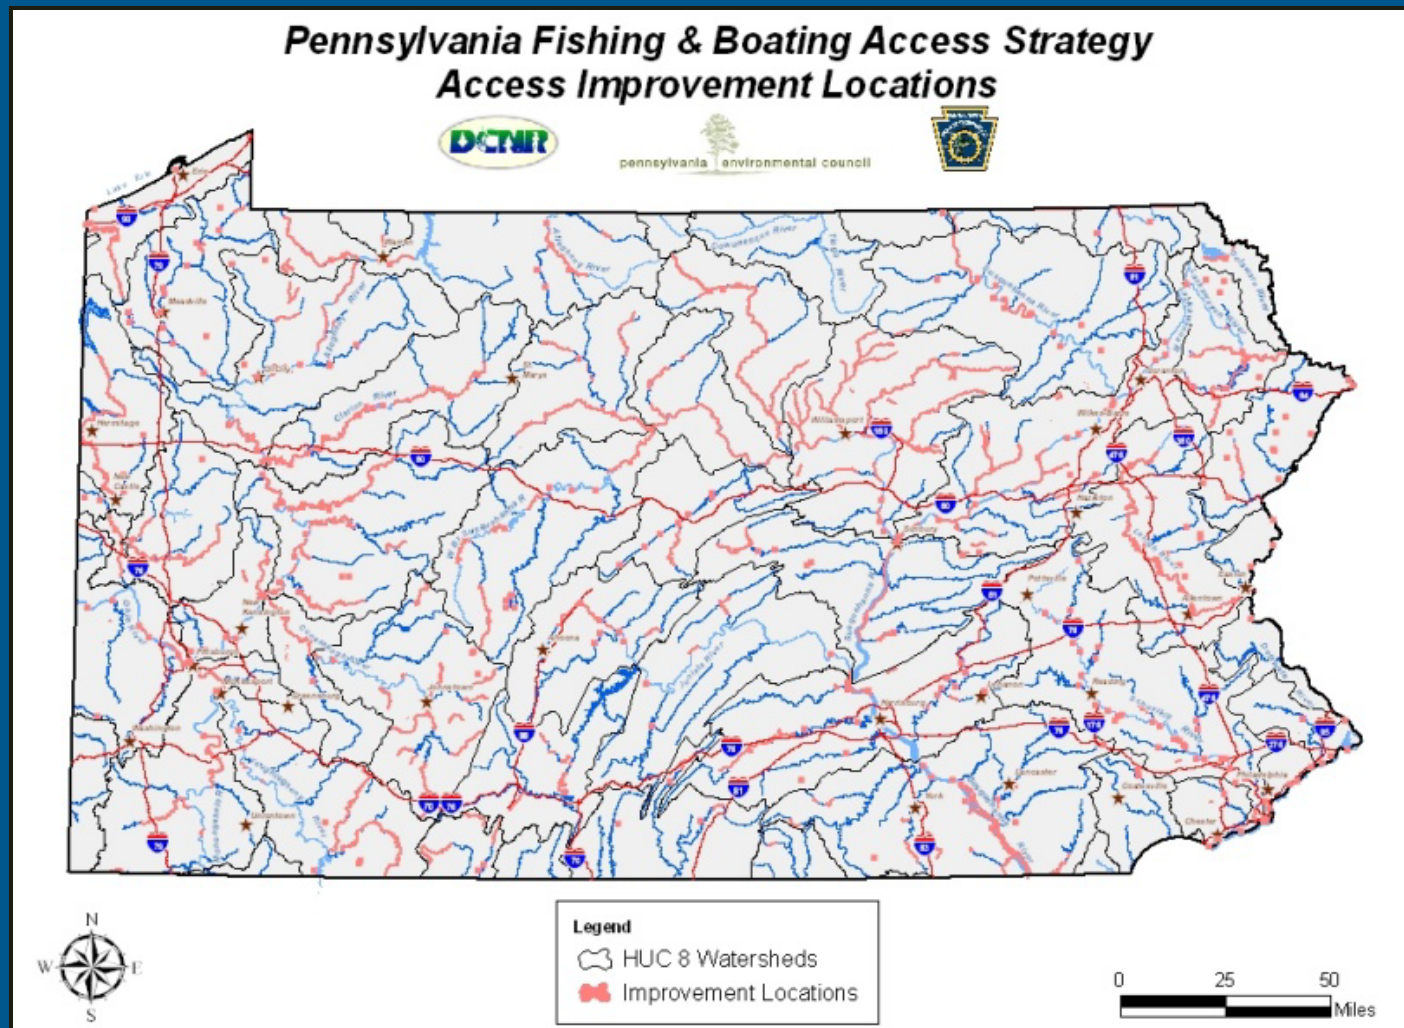

Watershed GIS Analysis

- Created priority Watershed list based on 19 criteria
 - Listed criteria results for each watershed
 - Scored each criterion 1 thru 6 using Natural Breaks
 - Tallied Scores to rank all 52 watersheds
- Developed Maps to illustrate each Criterion
- Developed Watershed Maps and Tables
 - Illustrate criteria per Watershed
 - Summarize stakeholder meeting and GIS analysis results per Watershed
 - Starting point for 2nd Tier of Watershed Access Plans

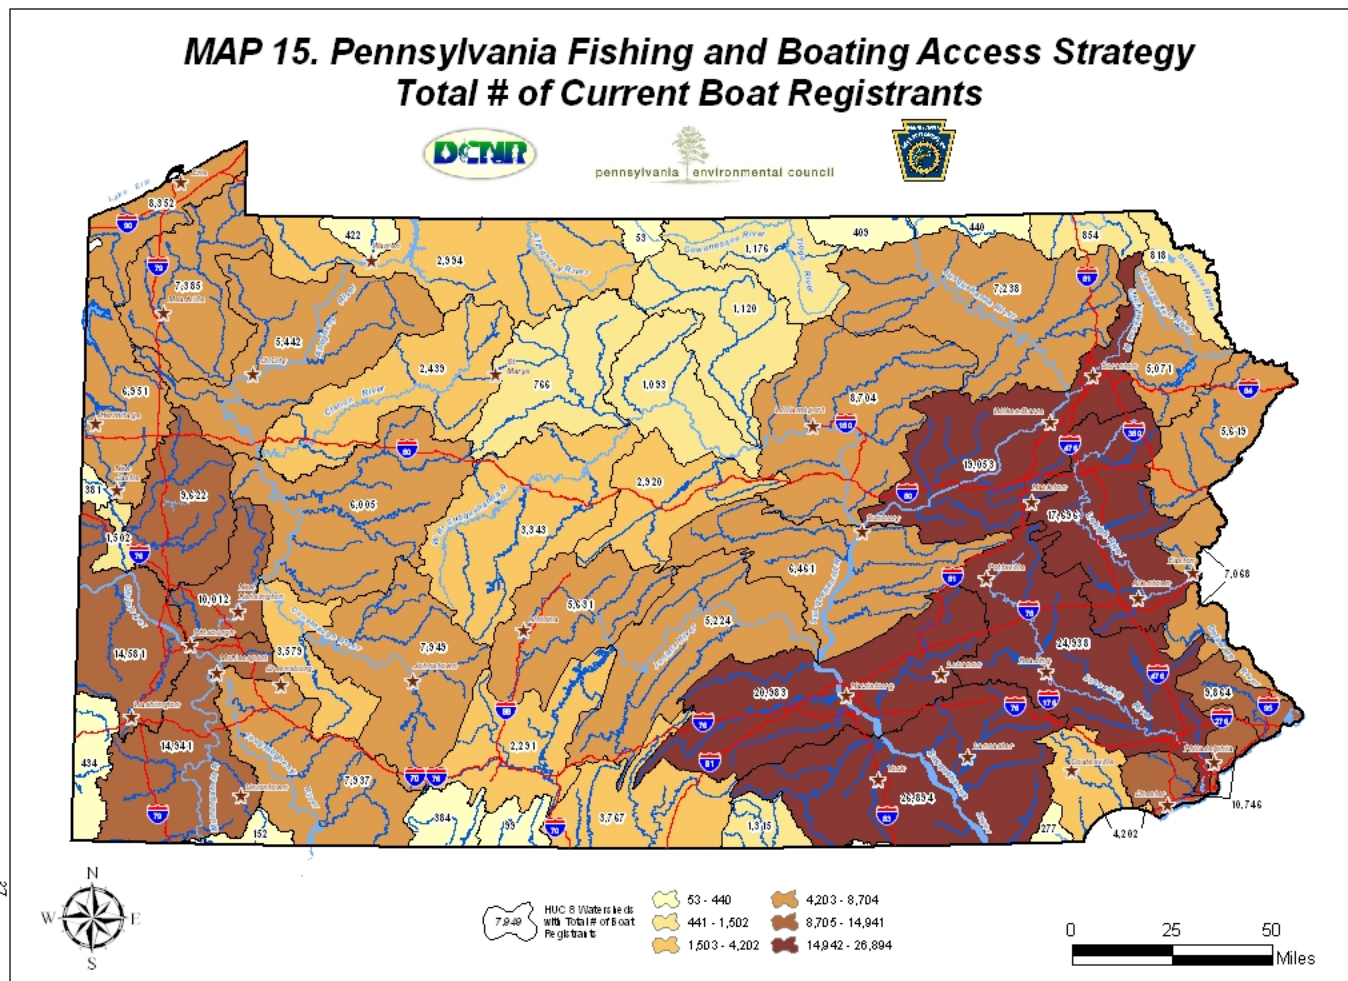

Watershed GIS Analysis

Watershed GIS Analysis Criteria

Watershed GIS Analysis Criteria

Access Strategy and Map Electronic Delivery

- Entire Strategy and Maps Delivered on CD
- Narrative Strategy divided by Chapters and Appendices
- Maps Delivered separately in “GIS-ready” PDF’s
 - Access to GIS layers
 - Statewide maps include key attributes for each individual criterion
 - Watershed maps include key attributes for all mapped criteria
 - Instructions handout and demonstration

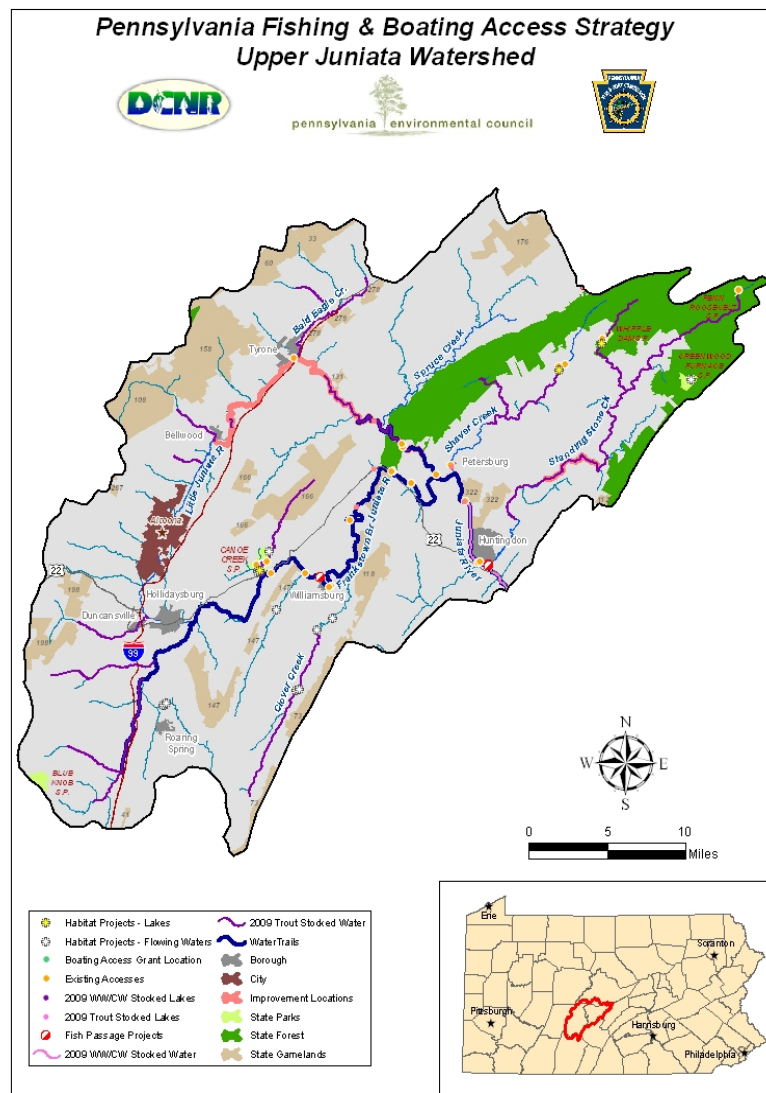

Access Strategy Statewide Maps

- FID 201
- Sub_Map ID 50.1
- Name: Craig Garman
- County: Huntingdon
- WaterBody: Juniata River - Frankstown Branch
- Descrip: No Present Access. Great Location For Canoe/Kayak Access Landowner is Very Interested
- Org PFBC
- Shape Point
- Ownership: Private: Waters Meet Market.
- Owner:
- Region: Southcentral

Access Strategy Watershed Data

CRITERIA	Evaluation Result	SCORE	Fishing Access	Boating Access
Linear Miles Stocked	127.64	4	4	
Number Stocked Lakes	3	3	3	3
Number Boating Facility Grant	0	0		0
Number Fish Passage/Habitat Projects	17	5	5	
Water Trail/River Conservation Plan	Both	3	3	3
Number Access Improvements Identified	11	3	3	3
Total Population	184,498	3	3	3
Population Change	1.97	1	1	1
SSC Density	0.07	2	2	2
Percent Public Land	21.287	5	5	5
Number Accesses/10 Miles of Stream Order ≥ 3	0.507	3	3	3
Current Number Fish Licenses	15,495	3	3	
Current Number Boat Registrants	5,631	4		4
Current Fish Licensees - Percent of Total Population	8.40	4	4	
Current Boat Registrants - Percent of Total Population	3.05	3		3
WW/CW Linear Miles Stocked	7.23	1	1	
WW/CW Trout Stocked Lakes	3	2	2	2
Number Accesses/10 miles of Stream Order > 5	2.279	4		4
Total Score		53	42	36
Bonus- Funding Available	American Hydro,DCNR grant	35	35	0

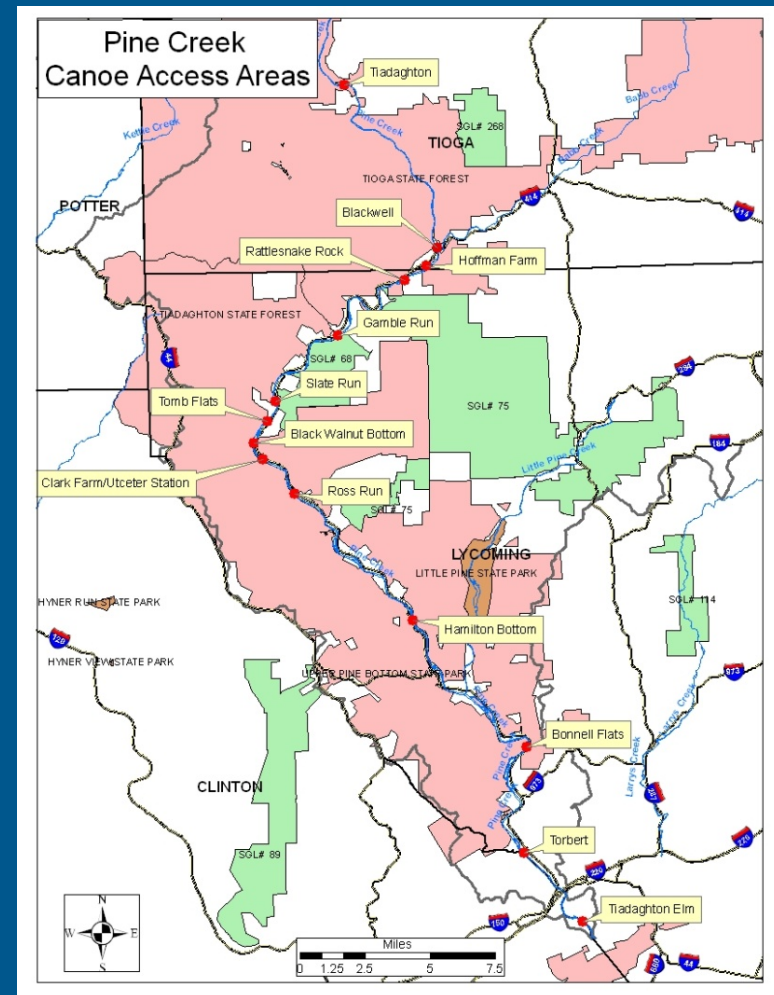

Watershed Access Plans

- Access Task Group
- Stakeholder meetings in each watershed. \\\
- Boating and Fishing access sites identified.

Watershed Access Plans

- Evaluate entire streams.
- Recommendations for specific access locations.
- Engage partners.

Statewide Access Strategy

Find the Strategy on the web at these sites:

- On the Fish & Boat Commission website:

www.fishandboat.com/accessplan.htm

- On the Pennsylvania Environmental Council website:

<http://www.pecpa.org/pfbcaccess>

How can you help?

- Attend watershed stakeholder meeting.
- Bring your data and projects.
- Reach out to partners and private landowners.
- Apply for grants.
