Dr. Vincent Troia
Chief Executive Chairman
Ohio River Trail Council
1100 Pennsylvania Avenue
Monaca, PA 15061

Dear Dr. Troia:

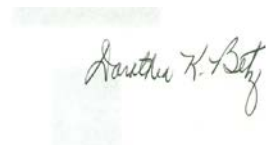

The Columbiana County Park District extends its support to the Ohio River Trail Council with its endeavor to acquire grant funding.

The application is for acquisition of 69 acres of land known as the Lewis property along the Little Beaver Creek. The railroad bed running through this property would be used as a connecting link with the Ohio Department of Natural Resources Division of Forestry to create a multi-use trail. An additional section along the railroad bed will be used for a parking lot. The Little Beaver Creek Greenway Trail which is one section of the Great Ohio Lake-to-River Greenway Trail will connect with this acquisition.

The Great Ohio Lake-to-River Greenway Trail is a four county coalition starting in Ashtabula, Ohio and ending at the Point of Beginning at East Liverpool, Ohio. There is currently approximately 65 miles of blacktop multi-use trail completed.

This acquisition further enhances economic development that relies on recreational and ecotourism in this area of relatively high unemployment and lower incomes.

Sincerely,

Dorothea Betz
Chairman of the Board
