April 25, 2012

Dr. Vincent Troia
1100 Pennsylvania Avenue
Monaca, PA 15061-1830

Dear Dr. Troia:

I am pleased to inform you that the Pennsylvania Historical and Museum Commission has given Provisional Approval for your historical marker nomination for the **Lincoln Highway**, should you comply with panel recommendations and revise and resubmit a nomination for further consideration.

The Commission's action follows the recommendations of an independent review panel consisting of historians, educators, and historical experts from around the Commonwealth. I have indicated on the enclosed summary sheet the areas in which your nomination needs improvement to meet our current guidelines.

Your resubmission, **which should include 8 copies of a revised nomination form with additional or different documentation depending upon what is recommended in the marker panel comments**, will be considered by the panel mid-year, so it should be postmarked by July 30, 2012. I would be pleased to speak with you about ways to strengthen your nomination for resubmission. In order to meet the deadline, if you wish to have staff assistance, please contact me before July 1.

Grant funding for historical markers is no longer available, so the sponsor is responsible for funding the entire cost of the marker fabrication. Should you choose not to resubmit at this time, marker nominations may be submitted in three consecutive years, after which they cannot be reconsidered for at least three years.

If you wish to reapply later, please submit a new nomination by the next annual deadline, December 1, 2012. Nomination forms are available on our web site at www.phmc.state.pa.us or by request.

Our sincere thanks for your interest in Pennsylvania history and the Historical Marker Program.

Sincerely,

Karen Galle
Historical Marker Program Coordinator

2012 Marker Panel Summaries P

Name of Nominated Marker: **Lincoln Highway**

✓ indicates nomination does not adequately demonstrate that it meets the guideline

- ✓1. The nomination is clear and organized and includes thorough documentation (with selected photocopies and bibliographies from primary and secondary sources) and verification of the facts claimed.
2. The person, place, or event to be marked had a significant impact on its times.
- ✓3. The person, place, or event to be marked is of statewide or national historical significance rather than that of local or regional interest.
4. The place, or event to be marked is historic and dated to at least ten years prior to the nomination. It is not contemporary.
5. The person to be marked has been deceased for at least ten years.
6. Nominations for geographical, topographical, or natural features are to be referred to the appropriate federal, state, or local agency.
7. People, places, and events already marked with existing monuments or markers receive less favorable consideration for a PHMC historical marker.
8. People, places, and events nominated, reviewed, and disapproved by the Commission three times in succession are not eligible for review panel consideration for a period of three years.
9. Governors of Pennsylvania are approved as the subject of a historical marker upon nomination (subject to Criteria #5).
10. Historic sites or properties owned by the Pennsylvania Historical and Museum Commission are approved as the subject of a historical marker upon nomination.
11. Places listed on the National Register of Historic Places and/or recognized as National Historic Landmarks or United Nations World Heritage Sites receive consideration by the review panel. Such places will not be summarily approved, but will receive equal consideration.
12. Cemeteries and burial places are generally not approved unless the nomination demonstrates that the cemetery meets criterion 2, 3, or 11.

Comments:

Already marked in Lancaster, the nomination needs a better tie-in with that marker, while providing additional info about the western end of the route. Provide info on a meaningful event, or person associated with this location, perhaps touch on the fact that early guides for the hwy. suggested an alternate route, because it was a dirt road. Consult with Olga Herbert at the PA Lincoln Hwy. Heritage Corridor, olga@lhhc.org.
