

Community Revitalization Plan Open House

Are you interested in improving Downtown Coraopolis?

How about more public access to the Ohio River?

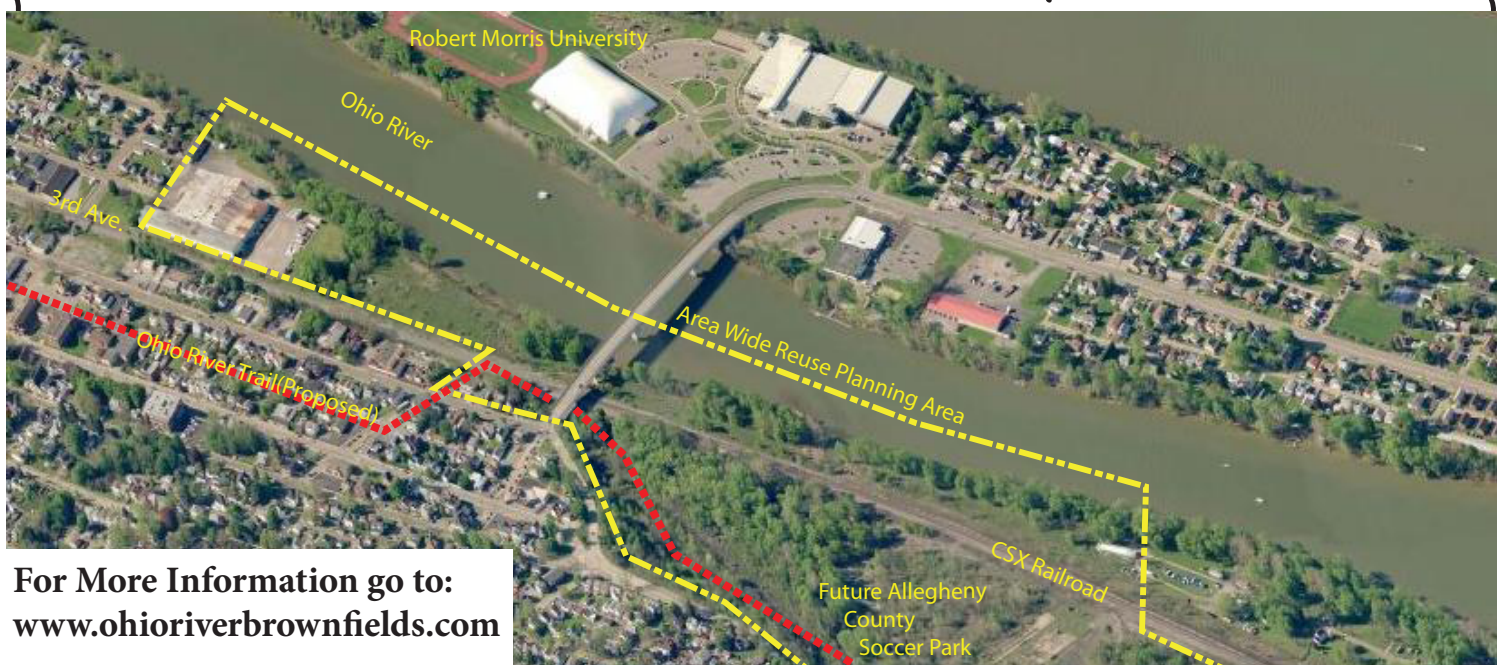

Helping to restore the Historic Train Station?

The Borough of Coraopolis along with its community partners: the Borough of Midland, the City of Aliquippa; the Borough of Monaca; and the Ohio River Trail Council (ORTC) have joined together to undertake a grass-roots effort to re-think the future of our communities as a way to respond to the changes in our manufacturing/industrial base and the post-industrial brownfields legacy that remains. The four communities received a federal grant from the United States Environmental Protection Agency (EPA) to develop area-wide revitalization plans primarily focused on redeveloping vacant or under-utilized properties and to identify infrastructure improvements needed to stimulate revitalization. This effort is partly an outcome of the ORTC's initiative to increase public access to the river and to promote the revitalization of the numerous blighted parcels on or near the river, many of which are perceived brownfields.

The next public open house/meeting in Coraopolis is scheduled for **Wednesday May 16th, 2012 from 6:30 PM to 8:00 PM** at the Coraopolis Community Development Foundation located at 1000 5th Ave.

A brief slide presentation will be held at 7:00 PM visual exhibits will be available to review during the entire open house.

Please stop by and see preliminary plan recommendations and contribute your ideas!
