

COUNTY OF

ALLEGHENY

April 4, 2013

Mr. Ray McCutcheon, Manager
Borough of Coraopolis
1012 5th Avenue
Coraopolis, PA 15108

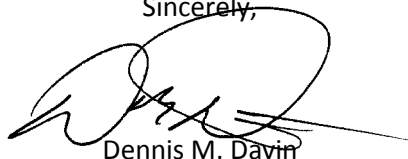

Mr. McCutcheon:

I write today to convey my support of Coraopolis Borough's application to the Department of Conservation and Natural Resources (DCNR) for a \$200,000 grant from the Community Conservation Partnership Program (C2P2). I understand that the funding will be utilized to continue the work on the Ohio River Trail.

The Ohio River Trail Council (ORTC) has been a strong advocate for the extension of the Ohio River Trail. The next step, construction of 2.5 miles of the trail through Coraopolis, Moon Township and Sewickley Borough via the Sewickley Bridge, is an important piece of the recreational projects and opportunities in Allegheny County. As you know, this project would connect the 78-acre Allegheny County Sports & Athletic Complex to the Moon Township Waterfront Park. We are proud of our involvement in the rehabilitation and redevelopment of these former industrial sites/brownfields and truly believe that such efforts are priority for our county. The fact that ORTC has partnered with the eight municipalities along the south side of the Ohio River has made a big difference in this project. By working collaboratively and cooperatively, we can have a significant impact on our county through projects such as this.

We know that Coraopolis Borough, ORTC and its other partners are very eager to begin the implementation of their plans. Obviously, funding through the C2P2 program would be a significant step in that direction and we fully support that effort. Should you require anything further from us, please do not hesitate to contact the office.

Sincerely,

Dennis M. Davin
