Little Beaver Creek Greenway (GOLR)

Great Ohio Lake-to-River Greenway 23.6-Mile Bike Trail Ride

City / State: Lisbon, Ohio

County: Columbiana

Date: Saturday, April 7, 2012

Time: 10:00 am

Meeting Point: [Lisbon Trailhead](#) (Google Map)

Surface: Asphalt

RSVP: ortctrailride@gmail.com

Come out for a ride! This is part of a trail ride series sponsored by the Ohio River Trail Council (ORTC) intended to bring awareness to the wonderful trails in our 4-state region (Maryland, Ohio, Pennsylvania and West Virginia).

All riders are welcome for this rails-to-trails, moderate-paced ride!

The Little Beaver Creek Greenway Trail is part of [Great Ohio Lake-to-River Greenway](#) in eastern Ohio. This greenway extends from Lake Erie near Ashtabula, south to a point near East Liverpool along the Pennsylvania border. The projected length of the trail (when completed) is about 110 miles. The proposed [Ohio River Trail](#) beginning at Coraopolis links the Montour Trail to the Great Ohio Lake-to-River Greenway forming approximately a 500 mile contiguous trail from the Great Lakes Region to our nation's capitol!

For this ride...

The ORTC Cycling Club visits the Little Beaver Creek Greenway Trail which runs parallel to the Middle Fork of the Little Beaver Creek. Though this bikeway is a rail-trail, it does have elevation gain. The trail gently rises and falls for much of its length as it makes its way through a Hemlock tree canopy from Lisbon to Leetonia, Ohio.

Don't forget your camera!

We will meet for lunch after the ride.

Features & Points of Interest:

The Little Beaver Creek Greenway Trail has many beautiful and interesting features, including glacial outwashes, upland fields, mature ravine woodlots and wetland wildlife habitats. Remnants of the industrial past also dot the trail with the remains of lime kilns, pig iron furnaces, coal mines and coke ovens. The trail features a covered bridge and a connection to the Sandy Beaver Canal Towpath.

Even now, Lisbon has visible remnants of the Sandy & Beaver Canal which was constructed between 1826 and 1848. An enormous engineering feat for the time, it was approximately 70 miles long, contained two tunnels and 90 locks and ended near mile marker zero of the proposed Ohio River Trail in Glasgow, Pa.

The Lisbon Historical Society maintains the Old Stone House Museum as well as the restored Erie Railroad Station. The Old Stone House is furnished as a pre-Civil War home, while the Erie Station contains a comprehensive Civil War display.

The Cherry Valley Coke ovens in Leetonia is a complex of 200 Coke Ovens that were constructed around 1866 by the Leetonia Iron and Coal Company which was later renamed the Cherry Valley Iron Works. The beehive coke ovens were built to turn coal into coke by removing impurities from the coal. The coke was then used as fuel for the furnaces that produced iron and steel. The Cherry Valley Coke Ovens site was placed on the National Register of Historic Places in 1993. This facility is one of the largest of its kind in the nation.

Weather:

The weather forecast is mostly sunny and 61 degrees. Stay tuned for weather cancellations. Cancellations will be posted by 9 pm Friday (for Saturday Rides) or 9 pm Saturday (for Sunday Rides). Rides that are cancelled due to inclement weather are usually rescheduled for the next day for Saturday rides and the following week for Sunday rides.

Ohio River Trail Council

The Ohio River Trail Council (ORTC) is currently planning & developing a 41-mile bike and water trail, the Ohio River Trail (ORT), along the Ohio River, from Coraopolis, Pa (near Pittsburgh) to Ohioville, Pa. (near East Liverpool, OH). The ORT is part of the *Rivers of Steel National Heritage Area*, *Lewis & Clark Trail* and is a candidate for part of the *U.S. Bicycle Route 50* and a portion of the *Underground Railroad Bicycle Route, Pittsburgh spur*. The proposed ORT will also follow parts of the "*Great Path*" and the *Lincoln Highway*. The ORT will serve as a key segment in the interconnection of existing land trails in the quad-state area (Maryland, Ohio, Pennsylvania and West Virginia). Specifically, the proposed Ohio River Trail will connect the *Great Ohio Lake-to-River Greenway* in Columbiana County, Ohio to the *Great Allegheny Passage* in Allegheny, County Pennsylvania forming a mega-trail from the great lakes region to our nation's capitol. The ORTC is an organization committed to excellence, with a clear vision and a passion for delivering outstanding results. We ask you to form an alliance with us to capitalize on our strengths in order to guarantee a bright future for our rivers, forests, and towns. Please visit www.ohiorivertrail.org for additional information and a [donation form](#).

Ohio River Trail Cycling Club

The Ohio River Trail Cycling Club is a recreational club that promotes health, wellness and fitness in our community through a variety of biking events. Our goal is to encourage cyclists of all abilities to explore the wonderful opportunities of the region - from the Heritage Trail of Pittsburgh to the rural scenery of the 4-state area, including Maryland, Ohio, Pennsylvania and West Virginia. The club provides cyclists with a diversity of riding experiences. Ohio River Trail Council members can be seen on city bikes, comfort bikes, cyclocross bikes, hybrids, mountain bikes, recumbents, road bikes, touring bikes and tandems.

The ORTC Cycling Club supports and promotes safe bicycle riding. If you have been inactive for several years or are currently under medical care, please consult your doctor

before starting a new exercise program. It is highly recommended to always carry water and food. In addition, please bring a spare tube, pump and tools to replace a flat tire. A Consumer Product Safety Commission (CPSC) approved bicycle helmet securely fitted and fastened is required on all ORTC Trail Series Rides. In order to participate in our events please print and sign the [OHIO RIVER TRAIL COUNCIL CYCLING CLUB RELEASE](#) and mail to ORTC 1100 Pennsylvania Av Monaca, Pa 15061. The ORTC club members serve as ambassadors for bicycling every time we ride thus projecting a positive image of bicycling to the public. Always follow the rules of the road!
