### ■ Financial Recordkeeping Requirements

- All Board Directors must perform their legal duties with care.
- An effective way to minimize risk to themselves and the organization is to ensure that permanent official records exist of all the board's activities.
- Superior record keeping helps the ORTC function efficiently, effectively and ensures accountability to its members, the public and the U.S. Government.
- All Ohio River Trail Council (ORTC) transactions such as contributions, purchases, sales, and payroll must have supporting documents.

## Ohio River Trail Council

*"Joining communities through fitness, recreation, heritage and transportation networks"*

- Grant applications and awards, sales slips, paid bills, invoices, sales receipts, donation receipts, deposit slips, and canceled checks contain information to be recorded in the accounting records - Hardcopies are compulsory.
- It is mandatory for the ORTC to keep these accounting documents because they support the entries in the ORTC books and the entries on tax returns.
- Public charities are required to keep supporting documents organized by year and type of receipt or expense.
- Records are to be stored in a secure, safe place for a minimum of 10 years.
- The ORTC is presently subject to yearly audits and certain grants now require an audit report to be included in the grant application.
- It is obligatory for each board member to maintain flawless financial records related to the Ohio River Trail Council transactions.
- Failure to meet these standards may cause the ORTC to fail an audit, which jeopardizes the ORTC's 501(c) (3) status and our organizations mission.
- Please forward all financial transactions and records to the ORTC Treasurer on a timely basis.
- Please review and completely comprehend the attached "Compliance Guide for 501(c) (3) - Internal Revenue Service."
