Dear Dr. Troia:

As you know, recently the West Virginia Recreational Trails Advisory Board unanimously approved our application for 'Water Trail' designation and the 39 miles of the Ohio River and 18 miles of the Little Kanawha River within Wood County WV, are now designated as a "Water Trail".

This "Water Trail" designation will highlight the many paddling opportunities we have in Wood County, it will attract visitors to Wood County and will enhance local tourism and economic development.

Dr. Troia, I am writing to thank you, and the Ohio River Trail Council, for your help, advice and support during this Water Trail designation process. In particular, allowing us to use your "Ohio River Water Trail" logo really brought some credibility to the designation application.

I also appreciate ORTC joining us as a co-sponsor for our Water Trail, I am expecting your experience and advice to be important as we move forward developing our Water Trail.

I look forward to continuing to work with you and the Ohio River Trail Council in the future, especially as we move towards having the entire Ohio River designated as a Water Trail, and hopefully a National Historic Trail.

Sincerely,
